Repeat fade to finish

Maybe it's intuition
 But some things you just don't question
 Like in your eyes
 I see my future in an instant
 And there it goes
 I think I've found my best friend
 I know that it might sound more than a little crazy
 But I believe

I knew I loved you before I met you
 I think I dreamed you into life
 I knew I loved you before I met you
 I have been waiting all my life

There's just no rhyme or reason
 Only this sense of completion
 And in your eyes
 I see the missing pieces
 I'm searching for
 I think I've found my way home

I know that it might sound more than a little crazy
 But I believe

I knew I loved you...

A thousand angels dance around you
 I am complete now that I've found you

I knew I loved you...
