These sheet music arrangements have been prepared in the spirit of Loreena's recordings.

Although these are accurate, easy to play arrangements which in their simplicity will sound lovely on their own, you will get the most out of the music if you use the printed page as a guide to doing your own personal arrangements.

The vocal and instrumental melodies are accurately transcribed just as Loreena recorded them.

For the accompaniments, feel free to improvise on the written parts using the printed notes or chord symbols as a guide.

For the instrumental songs, you may also substitute any melodic instrument for any of the written melodies.

For those pieces that incorporate a hand percussion part feel free to use any combination of hand drums or percussion to accompany the song. The rhythms provided here are just guides to the basic rhythm of the arrangement and will sound best if you add your own variations.

The most important thing is to have fun with the music and to enjoy playing Loreena's compositions and arrangements in the joyous spirit of how they were created.
